Urban Economics	Halcrow Fox
Cost Planning / Programming	DH Regeneration
Town Planning	McHugh Consultants
Energy Consultants	CODEMA and ECD Energy and Environment

The Master Plan was developed in close consultation and in partnership with people in Ballymun. A wide range of interests, the local community groups, local and adjoining residents, business and sectoral interests, statutory bodies, the Ballymun Housing Task Force, the Estate Forums and a local based community design group all had input. The energy, commitment, hopes and aspirations of the community provided the impetus to drive the process forward and I would like to acknowledge the tremendous help and assistance of, among others, the Ballymun Housing Task Force, the Estate Forums, the community based Focus Groups, the Design Group and a community based Design Group.

My sincere thanks to the Board of Ballymun Regeneration Limited, Dublin Corporation and Fingal County Council who have facilitated the preparation of the Masterplan and to pay particular tribute to the Project Team and the staff of BRL who have shown extraordinary patience, commitment, stamina, combined with exceptional ability, innovation and creativity in steering a course through what was very much uncharted waters when this whole process began last October. The challenge then was to engage a very sceptical community; the challenge now is to harness this new found community confidence in the project and help Ballymun achieve its potential.

Ciaran Murray
